**TO: PESTICIDE REGISTRANTS PLEASE READ CAREFULLY  
NOTE REGISTRATION FEE INCREASE**

**FROM:** Elizabeth M. Lopes-Duguay  
Senior Environmental Scientist

**SUBJECT: 2005 PESTICIDE REGISTRATION RENEWALS & PRODUCT FEE INCREASE**

**NEW REPORTING REQUIREMENTS**

Every pesticide which is distributed (sold, offered for sale or exposed for sale) in Rhode Island must be registered with the Department of Environmental Management pursuant to Section 23-25-6 of the Rhode Island Pesticide Control Act of 1976 (RIPCA), as amended. Such registration must be renewed annually prior to December 1<sup>st</sup>.

Below are step-by-step instructions for filling-out and filing an application for renewing pesticides registrations.

**GENERAL INSTRUCTIONS (See Attached Sample)**

- On the same line as the product name, identify each product as follows:**  
**R -for products being renewed.**  
**RUP - for products classified as federally restricted-use.**  
**ABN - as an alternate brand name (products with same EPA No & label claims**  
**DIS1 or DIS2 - for products being discontinued. Include the year (1) the product is in**  
**discontinuance. Discontinued products should be registered for at least two years to**  
**cover remaining stock that may still be in the channels of trade.**  
**N - new products being registered.**  
**DEL - products no longer in the channels of trade.**  
Please make every effort to list together products having the same EPA Registration number.
- All pesticide registrations expire November 30<sup>th</sup> of any one year. The registration is valid when the applicant receives the approved application until the November 30<sup>th</sup> expiration.
- The registration fee is now \$100.00 per product. The total fee is determined by multiplying the number of products by \$100.00. Pesticide products sold under various trade names, as alternate brand names (ABN) , may be registered as a single product for one fee; provided, that the labels are identical in regard to formulation, use, cautions and EPA registration number, and are manufactured by the same company.

Checks are to be made payable to the:

**RHODE ISLAND DEPARTMENT OF ENVIRONMENTAL MANAGEMENT.**

4. The Product Name and EPA Registration Number must be listed and the current label for each product for which registration is requested **must** accompany the application.

**NOTE: Supply copies of labels and Material Safety Data Sheets (MSDS) for ALL PRODUCTS SUBMITTED FOR REGISTRATION EVEN IF NO REVISIONS HAVE BEEN MADE. An EPA stamped approval label must be submitted for newly registered pesticide products. Electronic formats of Labels and MSDS Sheets must be submitted in PDF or Acrobat Reader format. If you are submitting a registration for more than one company, then submit the labels and MSDS on a separate disk for each company, do not combine the labels/MSDS for all companies on the same disk.**

5. Do not list or register products such as wetting agents, surfactants or adjuvants. List only those products making pesticidal claims.
6. At any time during the registration period where there is a change in a registered label, a new label must be submitted. No additional fee is required for label changes, unless EPA registration numbers change or the percentage of active ingredient is changed.
7. Fill in the name of the company registering the products and it's correct mailing address. Indicate the date the application is prepared. The application is to be signed by the individual to whom correspondence will be addressed.
8. Fill in Federal Employee Identification Number. (FEIN)  
Applications cannot be processed without an appropriate number.
9. If more space is needed, attach permanently 8-1/2" X 11" pages in **triplicate** listing products and registration numbers.
10. Do not separate the triplicate form. No carbon is needed.
11. Discontinued products should be registered for two years to cover remaining stock that may still be in the channels of trade.
12. Please address and return renewal application to: **Division of Agriculture and Resource Marketing/Pesticide Section, 235 Promenade Street, Providence, Rhode Island 02908-5767.**
